ULTRAWELD[®] VINYL REPLACEMENT WINDOWS & ULTRA PATIO DOORS

Set your home apart. Personalize the look of your replacement windows with Polaris[®] painted vinyl windows and patio doors. Choose from a range of colors to create a visual effect that is truly your own.

The color of your home, as well as the architectural features and landscaping, should all be considered. Lighter, brighter colors appear closer and larger than shadier more neutral colors. Create energy using warm colors next to cool, like brick red and green. If you strive for a dramatic effect, use high contrast colors like black and white which emphasizes details. Low contrast colors like clay and grey create subtle unity. Add a layer of sophistication to your home with Polaris.
